Source: CDC Behavioral Risk Factor Surveillance System, 2004-2006; Data are age-adjusted to year 2000 population  
 \* Percent of persons (age 50+) responding "Within the past year" or "Within the past 2 years" to question: How long has it been since you had your last blood stool test using a home kit?  
 \*\*Hawaii did not collect BRFSS data in 2004 and Guam did not collect BRFSS data in 2004, 2005, or 2006.  
 States have been sorted and presented by the 2004-2006 percent of total respondents having a blood stool test within the past 2 years.
